Evaluation in Simulation Education and Competency-Based Assessment

Speaker: Loretta Graham-Frees, Ph.D.

1. Provide a case for the need and the suggested modalities for the assessment of competencies more specifically SPs, OSCEs, and simulators and their advantages
2. Performance based assessments (validity and reliability)
 - How to design
 - Behavioral definitions of adequate performance
 - Sources un reliability
 - Number of stations for generalizability
 - Cases
 - Checklists versus rating scales
 - Raters—who—SPs versus physicians or observers
3. Data and the use of the data
